

**PE1682/H**

NHS Orkney submission of 2 August 2019

With regards to your letter dated 11 July 2019 regarding Public Petition PE1682: Access to specialist support for hidradenitis suppurativa sufferers in Scotland, NHS Orkney does not provide locally based specialist service for patients with this condition. Any referrals for treatment would in the first instance be to NHS Grampian.

I trust this is helpful.
