

PE1708/H

NHS Lanarkshire submission of 8 August 2019

I am responding on behalf of NHS Lanarkshire to follow up your request of 11 July 2019, in which you invite views from NHS Boards on the public petition PE1708: Catering for vegans on all public sector menus.

I can advise you that across all acute and community sites in NHS Lanarkshire, vegan meals are made available on request.

In terms of patient feedback, I also asked for a report looking for any complaints in relation to the provision of vegan food, and was advised that there were no instances recorded.

I hope that this information is helpful.
